New High School Building

At a meeting of the Board of Trustees of the Sonoma Valley Union High School, held Tuesday afternoon at the office of President R. A. Poppe, the matter of bids for the construction of a new school building was considered. Bids were opened from the following contractors: Frank Sullivan, Santa Rosa, \$11,267; Hoyt Bros., Santa Rosa, \$11,870; A. E. Warriner, Sonoma, \$10,923 and \$11,179. The difference in the amount of the last two bids represents the difference in the cost of lath and plaster and of tongue and groove work.

A. E. Warriner, being the lowest bidder was awarded the contract for the building which will be built on the site of the former high school building on Broadway. Work on the school house will be commenced at the earliest possible date. The work will be paid for by means of a direct tax, a system that has many ardent advocates in Sonoma and vicinity. It will be remembered that the bonds for a new school building to take the place of the old one irreparably injured by the earthquake last year, lacked a very few of the necessary two thirds majority to carry.

Cured Hemorrhages of the Lungs
"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. Mr. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs and prevents serious results from a cold. Refuse substitutes. L. S. Simmons

W. O. W. Monument

Petaluma Camp, No. 515, Woodmen of the World, came over to Sonoma Sunday morning, for the purpose of unveiling the monument raised here in honor of their late esteemed neighbor, Peter Bacala. The visiting neighbors held a meeting at 1 o'clock in the afternoon in I. O. O. F. Hall, when they were joined by the members of the local camp. At 2 o'clock the neighbors marched to the cemetery, where the beautiful and impressive ceremony of the order was successfully carried out.

The Petaluma neighbors returned to their home later in the evening.
There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law, sold by L. S. Simmons.

The Climate

The summer days have come. The heat this week while not oppressive was decidedly noticeable, especially when contrasted with the cooler weather of last week. Mornings and evenings are invariably cool and refreshing. It's just such climate that makes Sonoma Valley one of the most popular summer resort sections of the State.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequalled for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A weeks treatment for 25c, sold by L. S. Simmons.

SUPERIOR COURT NOTES

Judge Seawell called the calendars in both the departments of the Superior Court on Monday.

The demurrer in the suit of Albert E. Lichau vs. Archibald Lichau was sustained by consent and ten days allowed to file an amended complaint.

These matters were continued: Nina E. Jacobs vs. James B. Jacobs Jacob F. Wheeler vs. Annie Wheeler, J. P. Fitts Lumber Company vs W. R. Stearns et al. and Politz vs. Wickersham, to June 24.

A sale of realty was ordered in the estate of Owen Burns in a bond of \$8,000.

A sale of realty in the estate of Mary Ann La Porte was confirmed to James T. Butler for \$1,500.

The final accounts were settled and distribution ordered of the estates of William H. Rodgers, Thomas M. Samuels and Dexter Tuttle.

The fifth annual accounts of the estates of Elizabeth McNamara and Loretta McNamara were settled.

The estate of T. T. Park was set aside to the widow.

A. B. Swain was named administrator on the estate of Reuben M. Swain in a bond of \$100.

These probate matters were continued: Estates of Louis Blum, Ray Victor Crowell and Waldo Tomasini, to June 24; Cornelia G. Ohm to July 1.

In the case of the State against T. F. Marks the defendant entered a plea of "not guilty," and the trial was set for August 6.

The trial of the suit of the Sonoma Stone and Construction Company vs. A. E. Chartrand was reset for July 9.

These matters went over: Burns vs. Burns, Frese vs. Peterson and Burel vs. Burel, to June 24.

The suit of Wilhite vs. Wilhite, on motion for alimony and counsel fees, was continued to June 24.

In Judge Seawell's department of the Superior Court on Monday the trial of the suit brought by W. J. Doggett, Jr. against Thomas Melbourne, to recover \$1,500 as a commission on the sale of a ranch in Solano county, belonging to the defendant, took place. Attorney William F. Cowan represented the plaintiff and former Judge A. J. Buckles, of Solano county, appeared for the defendant.

In the Superior Court on Monday R. H. Brittain commenced a suit to recover \$700 on a promissory note from Mary A. Irwin, W. H. Irwin and B. F. Barnes. Interest and counsel fees are also asked. Clarence F. Lea is the attorney for the plaintiff.

The hearing of the sensational Brunson divorce suit in which Mrs. Brunson asks for a setting aside of the divorce decree granted her husband on the ground that he told her after he had brought the suit that it was a mere formality and that he would dismiss it, etc., went over until next Monday. In the meantime the attorney for Mrs. Brunson, Frank A. Meyer, will furnish Attorneys Gil Hall and H. W. A. Weske with copies of letters from Brunson to his wife which he will introduce as evidence next Monday.

In Justice Atchinson's Court on Monday Jailer Fred La Pint swore to a complaint charging Joe Forgett with assault with a deadly weapon. The alleged crime was committed at the time of the recent break at the county jail in Santa Rosa. In addition to the specific charge, Forgett is also charged with a prior conviction for petit larceny which makes it all the more serious for him.

Galliano's Quinine Tonic

Ladies if you want to save the trouble of shampooing your hair, use Galliano's Quinine Tonic, twice a week, also can be used in case of prickly heat. To be rubbed thoroughly in the scalp. If not satisfactory money refunded.

SHOWS GAIN

The figures of the annual school census report of Sonoma county in the office of County Superintendent of Schools DeWitt Montgomery, which has just been compiled shows that the number of school census children in Sonoma county between the ages of five and seventeen is 10,540. This is an increase over last year and is a good indication of the growth of the population when it is remembered that in last year's report were included about three hundred children who at the time were refugees from San Francisco on account of the earthquake. They have since returned. The number of children under the age of five years in the county according to the figures of the report is 4,533. The report also shows that the number of children between the ages of five and seventeen who have not been vaccinated is 5,188.

Will Cure Consumption
A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds, and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. L. S. Simmons.

Man is the only animal that deliberately gets drunk a second time.

A Lesson in Health
Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. L. S. Simmons.

CHILD'S PLAY

About the nearest thing to child's play that we know of, is the practice in many cities of passing city ordinances and never enforcing them. It looks like a case of bluff, or playing to the gallery. What's the use of making laws that people disobey with impunity when ever they please? No wonder that disrespect for law and order, is so prevalent. What makes the ridiculousness of the thing all the more apparent is the further notice publicly given that the disobeyed ordinance would hereafter be enforced and thus make another bluff for everyone to laugh at. We read recently in an exchange of a certain city's intention to enforce certain ordinances. What's been doing heretofore?

The excuse for neglecting to enforce the laws, is probably that the party or parties arrested might kick. Might as well refuse to arrest a robber for fear of incurring his displeasure.

Better repeal the neglected ordinance. It would look better than allowing them to remain on the statute books to encourage contempt for law and officers.

ENTIRE SUCCESS

The commencement exercises of the Presentation Convent of this city, in Union Hall last Saturday evening, were listened to by a crowded house, people coming far and near to enjoy the entertaining program. While the program was long it proved not to be least bit tiresome, as each and every number was so ably rendered.

The drama, "Olga" or "Out of the Shadows into the Light" was well played and showed the skill and patience of the good Sisters in training the young folks in their several parts. The flag drill, by a number of boys, was exceptionally fine as was also the Japanese parasol and fan drill by the Junior class of the school.

The musical numbers, both vocal and instrumental of the evenings entertainment, were all well received, and those taking part showed careful training.

Rev. Father Leahy, of St. Francis' Church, made a brief address to the graduates and presented their diplomas of graduation from the grammar courses of the school.

The class '07 was composed of: Eleanor Inez O'Connor, Isabel Elaine Trudgen, Almee Bernice Mall, Cecilia Agnes Dowdall, Jeanette Gertrude Tomasi, Thomas Eugene Walsh, Otto William Gerike.

After the program, refreshments were served in the dining room of the Union Hotel. The tables were well patronized. Dancing was enjoyed until midnight when all departed for their homes.

Fourth of July Meeting

A largely attended and enthusiastic meeting of the various committees having in charge the Fourth of July celebration in Sonoma, was held in the city pavilion last Friday evening. J. K. Bigelow, chairman of the executive committee, presided and called for reports from the different committees who had outlined their work and gave estimates of the sums needed to carry out the plans for a rousing celebration. There is still about \$75 needed and it is believed that that sum will have been raised this week.

Ladies Club Fall

The Ladies' Improvement Club of Glen Ellen, will give a grand ball in Mervyn Hall in that place on the evening of July 3rd. U R invited.

Old Corner Stone

Contractor Harris and force of men, are making rapid progress in tearing down the old high school building on Broadway. Yesterday the corner stone was taken out of the north-east corner of the building, opened up and the tin box were almost totally destroyed by the moisture that somehow got into it during the last 46 years.

The building was erected in 1861 by the Cumberland Church for a college. It afterward became a Christian or Campbellite school and a few years ago was purchased by the district for a high school.

Robt. P. Hill brought the relic to the Expositor office Wednesday afternoon. All that was recognizable in the box was a cover to an old hymn book and a damp chunk of what seemed to have been an old testament. Rusted to the bottom of the box was an old paper, on which a word, or two here and there, could be read with difficulty.

Old Suit Settled

The case of Leopold Maionchi vs. Florinda Nichelini, which dragged on the calendar of the Superior Court for many years past, was dismissed on Wednesday. Satisfaction of judgment was entered.

Under the order of the court the defendant receives \$397.60 from the moneys on deposit with the county clerk, and the plaintiff takes the remainder of the sum of \$1200, which was originally deposited. A good portion of this, however, is to cover costs of appeal and court expenses.

The suit was over a promissory note which belonged to Maionchi and that was in possession of Nichelini, who had promised to keep and board Maionchi for the rest of his life. This, it is alleged, Nichelini failed to do. At a hearing of the case recently, judgment was given in favor of Ben Nichelini and dismissed as to the other defendants. A motion for a new trial was made, but no appeal will be taken now. Attorney W. F. Cowan represented the plaintiff and Attorney T. J. Butts the defendant.

Death of Mrs. Nordin

Mrs. Mary Elizabeth Nordin, a highly respectable and former well-known resident of this valley, passed away Monday morning at Green's Sanitarium, in this city. The cause of death was cancer. Mrs. Nordin was at one time very wealthy and was, until about six years ago, the owner of the Agua Caliente Springs property.

The funeral took place from the home of Mrs. S. T. Enos, on Broadway, last Tuesday afternoon at 2 o'clock and was largely attended by a wide circle of friends. The remains were laid to rest in Mountain Cemetery.

M. E. Church Notice

On Friday June 21st, the presiding Elder, Rev. J. L. Pearson, will be present to hold the Third Quarterly Conference at 8 o'clock in the evening. It is hoped all the members of the official board will be in attendance. On Sunday next the pastor expects to speak in the morning on "The Divine Carpenter." At night the topic will be "Lessons from the life and death of Herod Antipas." The weather now being fine, it is hoped that there will be a good attendance.

Business Change

J. Daughney, of the D. & B. Saloon, in El Verano, has sold his interest to Messrs. Fred Hudson and Al Miller. The latter will be remembered as the champion polo teacher, formerly at the Spreckle's place. He is also known to his many friends as a champion good fellow. He will be in charge of the D. & B. while his partner will remain in San Bruno, where the firm has an interest in the Tanforan Hotel near the race track. A training pavilion will be built for athletics and many other improvements are in contemplation at the D. & B.

Sonoma City, Please

There has been so much annoyance and confusion of late in the matter of mail, express and freight addressed to Sonoma, going to Sonoma, that it would be a good idea if local people would write their addresses, Sonoma City, Sonoma Co., Cal. Much mail is sent to Sonoma instead of Sonoma, and one shipment of goods even went to Samoa, Hawaiian Is. Get the habit of writing it: Sonoma City, Sonoma Co., Calif.

In order that the committee may not be delayed in the work of the big celebration here on the Fourth, the patriotic citizens who have so generously subscribed toward the celebration, are requested to pay their subscriptions to Collector Jas. H. Albertson, immediately.

Spring Opening of the latest and most stylish millinery at Hotz's, Napa street.

THE VOTING CONTEST

Owing to the pressure of new ads and a lack of space, we were obliged this week to limit the detailed account of our Summer Resort Contest and the conditions governing the same.

The Expositor is the best local paper and having by long odds the larger circulation, and this very naturally accounts for the demand on its space for advertising purposes by shrewd business men. In order to meet this demand, we had to make space, without encroaching on our news columns. The contest however, goes merrily on.

The conditions can be briefly stated: Each and every yearly subscription paid in before Aug. 1, 1907, entitles the subscriber to 200 votes for his favorite resort. The winners get three valuable prizes. Pay your subscription now and help your friends in the race.

The following votes have been cast up to date in the Expositor Resort Contest:

Another Horse Killed

Last Saturday night, about 12 o'clock, as N. Tomasi was returning home with a double team and spring wagon, they were run into on Broadway by a boy named Harry Andrejux, with a horse and cart belonging to the Hyde ranch. The boy was driving towards Napa street at a rapid rate and evidently did not see the team going down. The pole of the spring wagon entered the breast of the approaching horse for a distance of about two feet. The horse was mercifully shot and afterwards put open in order to take out the tongue of the wagon. Miss Tomasi was thrown out by the force of the collision, but aside from a bad scare no one was injured. S. B. Lewis drove the Tomasi's home in the Union Stables bus. Mr. Tomasi leaving his team and wagon here until the following morning.

An Expensive Deer

While on the Bonetti ranch, near Petaluma last Saturday, Dr. Ralph Mazza and R. Castel could not resist the temptation to kill a big buck which crossed their path. The rifle shot attracted the attention of a man employed on the ranch and he laid in wait to discover the identity of the hunters. Towards night, the two men named above, came in sight with the carcass of the deer. Monday they paid a fine of \$25 apiece in Justice Atchinson's Court. They are also likely to be hauled into court again on a charge of trespass.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orino Laxative Fruit syrup for chronic constipation and it has proven without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." L. S. Simmons.

Union Hall Curtain

H. R. Dakin, the artist of Glen Ellen, has the contract for furnishing and painting the new drop curtain for Union Hall. The curtain will show a beautiful local landscape scene in the center surrounded by a number of advertising spaces. These spaces are being rapidly purchased by business men here. Those who desire a space on the curtain should order it at once. Mr. Dakin expects to have it ready and hung up by July.

A man who is in perfect health, so as he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. He says: "Success to Foley's Kidney Cure." L. S. Simmons.

UNEEDA QUICK MEAL STOVE

2 burner size \$6.00

It burns common Coal Oil (and not much of it, either) with a clean, blue hot, smokeless flame.

It has no wick to bother with, like the old-fashioned, yellow flame, smoking and smelling Oil Stove.

The "Quick Meal Wickless" was invented to enable ladies to do their cooking quickly and comfortably in a cool kitchen, and to prepare a "Quick Meal" and eat it in comfort.

The "Quick Meal" drives drudgery from the kitchen and worry from the house; it sweetens temper and it lengthens sleep. "Quick Meal" Stoves make happy homes.

Fred Fouts has been selected as grand marshal of the parade on the Fourth of July in Sonoma. The appointment is a very popular one and assures the proper handling of the big parade along the line of march. Mr. Fouts will appoint his own aids. It is understood that the parade will be formed at the depot after the arrival of the morning train, proceed along 1st St. East, thence around the plaza to Broadway, down this thoroughfare to the new Campbell home, counter-march to Napa street, along Napa St. to First street East to Spain street, where the parade will halt to witness the unveiling of the Bear Flag monument; thence along Spain and 1st streets West to Union Hall where the exercises will be held. In addition to Park's Brass Band, the committee hope to have two other bands to furnish lively music along the line of march.

Attempted Suicide

Word has been received here that Rev. J. K. Harrison, a well known Congregational minister and former pastor of the church in Santa Rosa, attempted suicide at Papete, Tahiti, on June 3, by cutting his throat with a knife. Despondency due to continued ill health is supposed to be the cause of his rash act. He had recently been called to the pastorate of the Cloverdale Congregational Church but had gone to the South Sea Islands in search of health. He was well known here where he had often visited. It is believed that he will recover.

Goddess of Liberty

Miss Eva Dresel has been selected by the Parade Committee, as the Goddess of Liberty on the Fourth of July. She will occupy a commanding position in the parade seated up in a large float, surrounded by a bevy of little girls representing the several states of the Union. Marshal Jas. H. Albertson, the veteran stage driver, will drive the four horses attached to the float. He will certainly handle the ribbons to the Queen's taste.

THE SECRET OUT.

A Wide Open Statement.

To refute the many false and malicious attacks, bogus formulae and other harmful statements published concerning the Doctor Pierce's World-Famous Family Medicines, the Doctor has decided to publish all the ingredients entering into his "Favorite Prescription" for weak women and his equally popular tonic alternative known as Dr. Pierce's Golden Medical Discovery. Hereafter every bottle of these medicines leaving the Great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound. Both are made entirely from native medicinal roots. The ingredients of the "Golden Medical Discovery" being a non-alcoholic extract of Golden Seal root, Queen's root, Black-cherry bark, Mandrake root, Blood-root and Stone root, preserved by chemically pure glycerine.

Dr. Pierce's Golden Medical Discovery, being made of native medicinal roots, is best to Nature and is the best tonic you can use. It fills the blood with rich, red blood corpuscles. It gives you a feeling of strength, and it puts sunshine into your system as no other remedy can. That is why Dr. Pierce's Golden Medical Discovery has been such a favorite for the past forty years. No man or woman can be either healthy or handsome who has impurities in the blood, for it will show in pimples, boils, and eruptions, in the dark circles under the eyes and in the yellow complexion. After taking "Golden Medical Discovery" you are bound to have pink cheeks and a fresh complexion. The muscles get the good, rich, red blood, that puts on strength. It is a flesh builder, but not a fat builder.

As an example of the good results thus obtained, note the following letter:

"In the year 1889, I had an attack of indigestion and got so bad that my home doctor said he could not do me any good," writes Mr. G. Treat of Gardenville, Texas. "I wrote to you and you advised me to get Dr. Pierce's Golden Medical Discovery, so I bought six bottles, and when I commenced using it, I was so much better, I waited about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were strips of the lining of my bowels as large as a man's two fingers, and I had a great deal of mucus in my stomach and bowels, and also in the rectum especially. I could not eat any thing without having much distress afterward, but by the time I had taken eight bottles of the 'Golden Medical Discovery' I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since."

MEDICINES OF KNOWN COMPOSITION.

If suffering from an obstinate malady which would not naturally prefer to take, a medicine of known composition, every ingredient of which has the endorsement of the most eminent medical practitioners and writers, or one which is known to you may know, may be made up of very inefficient and even harmful agents? Is it not best to trust upon knowing what one is taking, as is every one's right, whether being prescribed for by the family physician or making use of a proprietary remedy? We think so, especially in view of the disparaging remarks with which the drug and medical journals have been filled for months past. Doctor Pierce courts the severest criticism of the medical profession as to the value of his published formulae, confident that he will receive fair treatment from all fair-minded, well qualified brethren of the medical profession who cannot be blamed for not endorsing medicines of the composition of which they and the people are kept in ignorance.

These are the Original Little Liver Pills, first put out over 40 years ago, by Dr. J. C. R. F. Pierce. They have been much imitated but never equaled. Smallest, easiest to take and best. They are made of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too, by their mild and natural action, these little pills gently lead the system into natural ways again. Their influence lasts.

E-RU-SA CURES PILES OR \$50 PAID

The only Pile Medicine NOT under the ban of State or national Drug laws, because it does not contain 'opium, cocaine, or like substances'.

Dr. L. GRIFFIN: It is simply a fact that there is absolutely no Pile Medicine on the market which I can conscientiously recommend except E-RU-SA PILE CURE. I inform my customers that all of the old preparations are filled with narcotic poisons, COCAINE, LEAD, MERCURY, or ERGOT.—G. W. Hackney, Ph. G. M. D., Kansas City Mo.

Dr. L. GRIFFIN:—In twenty years' experience I do not know of any medicine curing Piles except your non-narcotic Pile Cure. I KNOW IT CURES. J. H. Trout, M. D., Los Angeles, Cal.

FOLEY'S HONEY AND TAR Cures Colds; Prevents Pneumonia

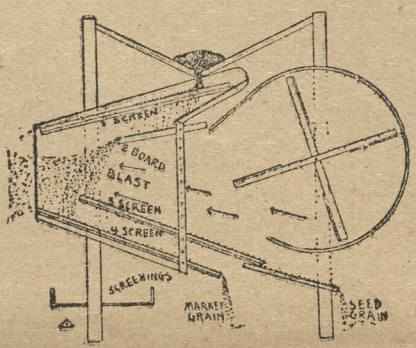

FARM GARDEN

SEED GRAIN.

Heavy Grains May Be Selected With a Common Fanning Mill.

The question arises how may a farmer select good grain seed in a practical manner, and the Minnesota experiment station answers it thus: By setting an ordinary fanning mill, as shown in the cut, or by using a coarse sieve in an end shake mill any amount can be taken out for seed and the rest left in the market grain.

Screen No. 1 should be just coarse enough to let the grain through. It is

SEED SHAKING MILL. (Separating seed grain.)

used simply to run off sticks and straw. Board No. 2 carries the grain backward in the mill, so as to let it drop through the blast at one place. The light kernels are blown past the end of screen No. 3, the heavier kernels fall on screen No. 3. Board No. 2 may be moved forward or backward to throw a large or small per cent of grain on screen No. 3, as desired. Screen No. 3 should be coarse enough to let the small kernels through on to screen No. 4. It is adjustable as to slant and may be moved forward or backward to regulate the amount of grain it will catch. Screen No. 4 is fine enough to carry nearly all of the grain over into market grain. Any side shake mill may be fixed up in this way. Separation by weight cannot be made with the end shake mills, but the large kernels can be separated from the small ones in any proportion desired simply by using coarse or fine screens in the lower part of the mill. The average farm fanning mill will handle at this kind of work about forty bushels an hour.

Not Enthusiastic About Locusts.

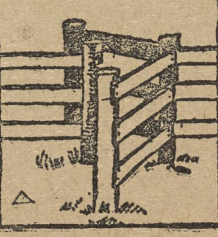

Commenting upon reports received by letter of tree agents working in several localities selling black locust trees at \$25 a thousand, with the claim that they will grow to post size in four to six years, the Ohio experiment station says that reliable nurseries in Ohio are cataloguing black locust trees at \$4 to \$10 per thousand. Locust trees will not ordinarily grow to post size in less time than eight to twelve years from planting. They will not sprout from the roots so long as the trees are uncut or uninjured and the roots unbroken, but as soon as the trees are cut or seriously injured or the roots broken sprouts will come up from the roots. Live stock, and especially sheep, if allowed to pasture where young locusts are growing, are almost sure death to them. It is not advisable to plant locust trees along the line of fences adjacent to tillable land. Where trees are in soil the grass encourages mice, which are very destructive to young locust trees.

Perennial Celery.

The story of the perennial celery which a Mr. Bolton of Canada has just sold to a Michigan nursery firm and which will be offered to the public at not less than a dollar a plant sounds exactly as if it had originated in the imagination of a city reporter hungry for news. This celery is claimed to be a true perennial, having round and uniformly crisp stalks which do not rot. Of course "it will revolutionize celery culture." We cannot claim that this story must necessarily be untrue, but it looks like a fake, and for the present I shall put my reliance on the present forms of celery in cultivation, especially the Golden Self Blanching for early and Giant Pascal and Winter Queen for late.—T. Greiner in Farm and Fireside.

A Fence Arrangement.

There is perhaps nothing very novel about the arrangement sketched, but, as an Iowa farmer says, it does the business. It will admit a man with a basket on his shoulder and at the same time will not let a hog pass through. The angle formed by the two wings of fence is so acute that a hog cannot pass through unless it is a very small one. If the hogs in the feed lot are small a board a foot high is put at the bottom, and no shoot can jump over and turn the angle at the same time. No more room than will admit the body of the feeder will be necessary.

TURNSTILE.

Business Spectacles.

Many birds are provided with natural spectacles, a transparent membrane called the third eyelid. This third eyelid when not in use lies folded in the inner corner of the eye. Two muscles work it, spreading it over the cornea or folding it up again much more cleverly than a man can put on or take off his spectacles. But for this third eyelid the eagle could not look at the sun. The expected bear belongs to Chile. Its Latin name is Ursus ornatus. It is black, and around its eyes pale rings are drawn which have exactly the appearance of a pair of goggles.—St. Louis Globe-Democrat.

Wind Velocity.

The average velocity of the wind is low, in most places between five and ten miles an hour, corresponding respectively to wind pressure of from two ounces to eight ounces a square foot. During portions of nearly every day, however, somewhat higher velocities are recorded, since the averages contain considerable periods of very light breezes occurring often within a few hours before and after sunrise and sunset. There are few days without periods of brisk breezes of from fifteen to twenty miles an hour.

IN THE SWINE INDUSTRY

Now that the time has arrived when land commands only about half the price of hams and bacon, excepting in years when corn or cottonseed oil is a failure, the feeders and packers' attention in the future will naturally be directed favorably toward the breed that will be most economically converted into choice hams and middlings.

To this end the Tamworth has been bred for generations until points sought for have been developed at a high degree of excellence. Take, for instance, the form and growth of the "midding" of the ordinary fat hog. That part of the midding running from the belly up halfway is quite thin and flabby, the remainder thickening until at the backbone or upper edge it becomes thick and is solid fat, unfit for anything but lard; also that portion next the shoulder is thick and fat, with no lean streaks.

W. Warren Morton of Kentucky sent the photograph from which the cut was made to Country Gentlemen, in which he also expresses the opinion given above. Mr. Morton concludes that "Tamworths are of peculiar value to the American farmer for crossing over

our short bodied, short legged and chunky lard breeds, and the longer such breeds have been tied too closely to a corn diet, the greater renovation and vigor will confer the progeny inheriting strength, vigor and prolificacy that will surprise you."

Nature's Economical Thought.

During the past six years there has not been a year that we have realized less than 40 cents a bushel for all corn fed to hogs, and one year when we sold \$5,200 worth we realized nearly \$1 a bushel, and we had the manure left. The hog is a very peculiar animal, with a very peculiar appetite, and to know just how to manage him and balance his ration so as to get the greatest amount of product out of him is often a great puzzle. If his wants are properly supplied he is all right and a money maker; if not, right the reverse. He is the product of nature's most economical thought. There is no part of him that cannot be utilized.—Ohio Farmer.

HORNS OFF THE BULL.

No Matter How Gentle the Animal, How Beautiful the Horns.

I have been several short articles in the past on the subject of horns, and I feel that none of the writers touched the subject with sufficient strength. I have been a breeder of fine cattle for over twenty years and have had bulls on the place during the time without fear of harm, although the bulls were not disbomed until four years ago. While acting as judge at a fair I met a man whose father had been killed a short time before by a bull with horns, and he spoke with such feeling on the subject that since then I have not had a bull over two years old that was not disbomed. To this man I owe my life, says a writer in Rural New Yorker.

Gentle, but Playful. I was attacked last spring and seriously injured by a disbomed bull, and a gentle one at that, and one that has not offered to attack any one since. It was done in a spirit of play while he was out for water and exercise, and in an unguarded moment on my part, and had he had horns I would not possibly have escaped death. It matters not what the value of the animal is or how beautiful his horns may be, human life is far too precious and bulls' horns far too common to take any risks. I have never seen the slightest ill effect from disboming our bulls.

PURE BLOOD IS VITAL.

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition, safest, purest and best blood purifier on the market to day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drugs. 204 doses for \$1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Cleve's, John McNeil, sole agent for Sonoma County, Ohm's Sulphur Springs, Sonoma.
